"Freedom" Revolt Flares Third Day in Budapest

SWICK SITE PROBABLE LOCATION FOR THE PROPOSED NEW AREA HIGH SCHOOL

TAXI BANDIT CAPTURED BY LOCAL POLICE

An armed bandit who made a specialty of sticking a .38 calibre revolver into the neck of cab drivers and then speeding off with the operator's bankroll and taxi was apprehended in Warren this morning as he sat having coffee at Widmann and Teah Drug Store.

Robert L. Edwards, 27, of 402 Broad street, New Bethlehem, started his taxi stealing spree Tuesday night in Vandergriff. The thief was driving his third stolen taxi of as many days last night when he drove into Warren about 11:45 p. m.

Abandoning the vehicle on the South Side dirt road near the playground last night, Edwards walked to the Exchange Hotel where he registered under the name of "James Lockhart" from Elizabeth, Pa.

Warren police, alerted by officers in Bradford from where Edwards stole his final vehicle late Thursday, got the description of the 5' 8" 165 pound criminal from a chambermaid at the Exchange this morning and found a man answering the description having coffee at Widmann and Teah.

While Edwards sat at the counter watching Officer Jerry Parks across the street, Police Chief Mike Evan and Officer Donald Fitch slipped in the back entrance of the drug store. The thief was sitting with his hand on the butt of the gun in his belt under a jacket when Chief Evan moved to the stool beside him and grabbed his wrist.

Edwards surrendered without a struggle and was taken to police headquarters where he willingly told police this story:

About 10 p. m. Tuesday he had taken a cab in Vandergriff, where he was living at the time, and told the driver to take him to Perryville. About a mile from town he shoved his revolver into the driver's neck, ordered him to hand over the bankroll and take a walk "without stopping."

With the \$11 stolen, Edwards drove to Homer City, abandoned the car, and hitched a ride to Indiana, Pa., where he got a hotel room.

About 10:30 Wednesday night the same sequence of events began. He got a cab at the Indiana bus station, asked to be taken to VFW road, drew the gun at a lonely spot, invited the driver to cough up his \$9 and invited that man to take a walk.

EICHENLAUBS TO STAY IN VICINITY

The Eichenlaub furniture distributors, who suffered a \$500,000 loss when their warehouse burned in Youngville during the summer, announce they have purchased the building on Mill street in Sheffield formerly occupied by Jafco Marine Company. Bought from Albert Ristau, the plot consists of 80 acres. Eichenlaubs are salesmen for institution furniture, supplied Warren General Hospital's old maternity building. The firm will continue to employ about ten men, may expand later and go into furniture assembling.

Contest for Congress in 23rd District Is Exciting Interest

Oil City (P)—A Clarion housewife, making her first bid for public office, battles a veteran Republican congressman in the 23rd district in the Nov. 6 election. She is Mrs. Grace M. Sloan, wife of former U. S. Marshal John M. Sloan and a member of the Democratic state committee.

Seeking his eighth term in Congress is 63-year-old Rep. Leon H. Gavin of Oil City.

Despite a predominantly Republican advantage Gavin is waging one of his strongest campaigns since he was first elected 14 years ago.

Safe and Sane Hallowe'en

Three ninth grade students shown in the Timesphoto by Saylor are just a few of the large number of Warren pupils who are donating their talents in an effort to help promote the safe and sane Hallowe'en celebration sponsored by the Jaycees. Left to right they are Mary Ann Larsen, Virginia Gnagay and Judy Zellefrow, 9th grade pupils, putting a Hallowe'en decoration on one of the windows of the J. C. Penney Co. store in Liberty street. The local observance will be climaxed with the annual Hallowe'en parade to be staged next Wednesday evening with Chief of Police M. Evan as marshal, and Frank McHenry as chairman. The Warren High School band will lead the Masquerade March which will move down Liberty street from the YMCA at 6:30 o'clock.

Eight Children in Iowa Family Are Killed in Crossing Crash

Sigourney, Iowa (P)—"It was bad walking into that empty house . . . always before there'd be someone yelling 'Hi, dad.' "That's how Richard Hammes, 46, a farmer near this small southeast Iowa town, spoke of the tragic car-train crash that killed all eight of his children at a rail crossing three miles northeast of here yesterday.

His wife, Ruth, 36, was injured in the accident, which started as a routine one-mile trip from the Hammes 100-acre farm to take the older children to school. Mrs. Hammes was reported in fair condition at a hospital here.

Yesterday started out as just a normal day for the Hammes family.

"It all happened so quick," Hammes said, staring into space and speaking just above a whisper. He continued: "The boys had helped me with the chores. We got up about 6 and ate about 7. I went out to the field to pick corn. I never saw the younger ones—they weren't up yet."

"My wife usually drove the kids to school . . . maybe she was a little late and in a hurry, I don't know."

"The picker broke and I returned to the yard about 8:45. Guess they'd just left a few minutes before. Then a neighbor lady came up and told me there'd been an accident."

"I didn't think at first it would be real bad. Maybe the car banged up a little . . ."

"When I got there I saw some of the kids were hurt—real bad. I went over to my wife. She was sitting on the ground, holding the two young ones. . ."

The Hammes children were Ronnie and Donnie, twins aged 9; Karen, 8; Linda, 7; Gary, 6; Rosemary, who would have been 3 on Nov. 4; and twins, Rickie and Vicki, 1. Ronnie died at the hospital. The others all died at the crash scene.

Funeral services will be held at 9:30 a. m. CST Saturday in St. Peter and Paul's Roman Catholic Church in Clear Creek.

PLEA FROM VATICAN

Vatican City (P)—L'Osservatore Romano, the Vatican newspaper, called today for an end to strife in Hungary, where two-thirds of the population is Roman Catholic. In a front-page editorial headed, "May the Massacre Cease in Hungary," L'Osservatore appealed for an "opening of minds and hearts to thoughts and works of peace."

Expect Board To Decide at Nov. Meeting

Swick site, off upper Fifth Avenue, is the most probable location of Warren's new high school.

With state aid practically assured for a new high school building, it appeared likely today that the Joint Committee of Warren Area Joint School Board would recommend at its next meeting November 12th that an entirely new structure be built on the Swick site.

A committee was appointed at the October school board meeting to see if it could not come up with a "new slant" on the site issue. Best guess is that the committee, composed of Wallace Cowden, Myron Jewell, Harry Chinsberg, Charles Frantz and Ernest Miller will offer few new suggestions on the controversial issue.

The Warren Times-Mirror has striven to keep the public informed on all matters related to the problems arising from the choice of a new site. However, it appears apparent now that it is the will of the majority of Warren residents to have an entirely new building erected on the Swick site.

Other spots under active study by the school board include a Memorial Field site or remodeling of the present building.

It has been estimated that a new building, capable of handling some 1,200 students, would cost in the neighborhood of \$2,500,000. Of this, approximately \$2,040,000 would be returned to the community in the form of state aid. Overall cost of the project which will include retiring bonds for a period of 30 to 37 years, will run over \$3,000,000.

The Times-Mirror had adopted the editorial policy that the present structure on Market Street, built at the turn of the century, could be remodeled into a modern high school building at a considerable cost.

Sen. Kennedy and Clark Attend \$100-Plate Dinner

Philadelphia (P)—Sen. John F. Kennedy (D-Mass.) says the Eisenhower administration has not achieved peace, progress or prosperity.

Hammering at the Republican campaign theme last night at a \$100-a-plate Philadelphia Democratic committee dinner, the youthful Massachusetts senator said also that despite "professional" pollsters and pessimists, Democrat Adlai Stevenson will win the presidency.

Kennedy shared the main speaking role with Joseph S. Clark, Democratic nominee for the Senate from Pennsylvania, who directed his talk against President Eisenhower and Gov. Leader, who said the Eisenhower administration and Republican state administrations had fallen short of their promises on civil rights.

Dad Can't Understand Fuss Over 13th Son

Manitowoc, Wis. (P)—Matthew and Julietta Wagner can't understand why anyone should make a "fuss" over the fact that their new baby is the 13th son in an all-boy family.

Newsman who called at their big, two-story farm house southwest of the city limits since the birth of 11½-pound Paul Amos last Saturday have come away without much information about the family.

The Wagners have let it be known that publicity is distasteful to them. After the birth of their 12th son, Raymond, a little over two years ago, the family came in for quite a bit of attention in the press and radio. Wagner said it brought a few "crank" letters, and some "ribbing" which he said was particularly unpleasant to the two oldest boys who are in high school.

Stevenson Tours Midwestern States as Ike Continues His Defense of H-Bomb Program

By ERNEST B. VACCARO

Rock Island, Ill. (P)—Adlai E. Stevenson sought new Democratic converts in the Midwestern Farm Belt today with a promise to set up a Democratic "task force" to devise a new agricultural program for early action by Congress.

The Democratic presidential nominee said that, if elected, he will create the "task force" under Sen. Estes C. Lefauver, his vice-presidential running mate, and put it to work immediately after the election.

That proposal was made in Springfield, Ill., last night where a crowd of close to 5,000 cheered him and booed his mention of the names of Vice President Nixon and Secretary of Agriculture Benson.

He attributed to Eisenhower "a record of callous political perfidy" on farm promises and said the GOP President has compounded "deceit with self-righteous hypocrisy."

Stevenson flew here late last night for a scheduled rally today in Rock Island's Fort Theatre.

He said he will ask Chairman Ellender (D-La.) of the Senate Agriculture Committee and Rep. Cooley (D-NC), who heads a similar House committee, to serve on the farm task force with Ke-fauver and others he will name, if elected.

"One reason the Eisenhower administration has been so slow in getting things done," he said in his speech, "is that when it came into office, the President started calling for studies instead of action."

Then, to the enthusiastic near-capacity crowd in the armory, he said that, if elected:

"I promise to explore at once the appointment of a task force to put the Democratic farm program in shape for swift action at the opening of Congress."

He said the Democrats already have a program "to improve the farm situation" that can be put into shape quickly.

Eisenhower Still Tops Polls With Stevenson Showing Gains

By The Associated Press

President Eisenhower is still top man in poll after poll with the presidential election 11 days away.

Adlai Stevenson, the Democratic presidential nominee, showed some gains.

The New York Daily News, supporting Eisenhower for re-election, said its poll shows Eisenhower leading Stevenson 3-2 in New York State.

Latest returns: Eisenhower 59.7 per cent, Stevenson 40.3.

A week ago the News poll gave Eisenhower 60.4 per cent to 39.6 for Stevenson.

Eisenhower won New York's 45 electoral votes in 1952 with 56 per cent of the popular vote.

The latest California Poll, published by the Los Angeles Mirror-News, gave these results in a statewide sampling: Eisenhower 49 per cent; Stevenson 44 per cent, and, undecided, 7 per cent. This was a 2-point gain for the Democrats since the last poll a month ago.

Eisenhower still led in a poll of Indiana's "weathermen" Vanderburgh County, which has voted for the winner in every election since 1896, though Stevenson gained there for the third straight week.

A poll conducted in the county by the Evansville Press gave Eisenhower 60.0 per cent and Stevenson 39.4, a loss of .6 per cent for the President.

Man Who Fought With Presley Loses His Job

Memphis, Tenn. (P)—The man who got an Elvis Presley fist in the face was looking for a new job today—fired because of his battle with the teen-agers' rock 'n' roll idol hurt business.

The fist fight with Presley also cost 42-year-old Ed Hopper a black eye, a \$25 fine and left him with a slight ringing in his ears—the aftermath of telephone calls from a horde of irate Presley fans.

Clarence Harwell, owner of the service station where Hopper was manager, said he fired Hopper yesterday but let him "stay on a few days until he can line up another job."

Harwell said business at the station had fallen off drastically since the week-old incident. He called at the Presley home yesterday to apologize for the fracas.

Hopper declined comment.

DISPATCHES SAY HUNGARIAN AND RUSSIAN TROOPS HAVE LAUNCHED ALL-OUT ATTACK

BULLETIN

By RICHARD KASISCHKE

VIENNA, Austria, (AP)—Hungary's anti-Communist civil war spread over much of the country today despite orders from the government for an all-out military effort to crush the rebels.

Rebels controlled the highway to Vienna, from Budapest to the border.

Several thousand persons were believed dead or wounded in fighting that had flamed for three days in the Danube capital and spread to the western countryside and such major cities as Gyoe, Szeged, Szolnok and Pecs.

Three radio stations apparently were in the hands of rebel forces.

By RICHARD KASISCHKE

Vienna, Austria (P)—Russian and Hungarian soldiers began an all-out attack today to crush the Hungarian "freedom and independence" revolt which flamed for the third day in Budapest and spread throughout the country.

Several thousand persons were believed dead or wounded. Some of them, demonstrators without arms and carrying nothing but Hungarian flags, were shot down by Soviet tanks before the Parliament building.

Eyewitnesses said some of the casualties were Hungarian soldiers and officers who had sided with the rebels.

Budapest resembled a city at war, with gaping and blackened wounds in its buildings and debris strewn its streets.

The news that Russian and Hungarian troops had launched the all-out attack was the last report received from inside the embattled city from Associated Press correspondent Endre Marton before his temporary telegraphic communications were broken early today.

The capital on the Danube was without telephone connections to the outside world.

The Austrian railway administration said all train traffic to Hungary had been halted, with workers reported on strike. Danube shipping also had been stopped. There were no plane connections between Budapest and Vienna.

Red army tanks and troops were reported in action in many other places, including the major cities of Gyoe, Szeged, Szolnok and Pecs.

Communists were in firm control of the Budapest radio, from which most reports of developments came.

But the rebels apparently had gotten control of a small station somewhere. Monitors in Vienna heard the station, calling itself the "Freedom Radio of the Hungarian People," urging workers to go out on general strike and demanding the release of Joseph Cardinal Mindszenty, Roman Catholic primate of Hungary.

Some leaflets distributed by rebels also proclaimed the establishment of what they called their own "revolutionary government."

Before the beginning of the all-out attack Imre Nagy, Hungary's new Red premier who claims to pursue an independent course from Moscow, vainly urged yesterday the rebels to give up their arms.

He especially appealed to young workers and members of the Hungarian armed forces.

NOTED LAWYER DIES

Pittsburgh (P)—Louis Little, a noted Pittsburgh criminal law attorney, died early today of a heart attack. He was 64. Little, stricken at the Bigelow Apartments while playing gin rummy, was pronounced dead at Mercy Hospital.

Officials have conceded that an appeal to the U. N. is in fact being studied but said that no decision had yet been made.

Officials also said that reports from Budapest told of various demonstrator groups appealing to the U. S. Legation within the last two or three days for help to their cause.

Past Presidents Are Honored At Conewango Club Dinner

Close to 100 members of the

Conewango Club turned out last night for a dinner and program honoring 15 living Past Presidents of the Club. Those honored and the year they held office were: J. A. Alexander (1928), Horace A. Cray (1929), Harry A. Logan (1930), John L. Blair (1931), Harry W. Conaror (1932-33), Chester S. Allen (1934) and Harold C. Putnam (1935).

Also: J. W. A. Luce (1944-45), George L. Craft (1946), W. E. Rice (1947-48), Harry W. Schmidt (1949), T. L. Armstrong (1950-51), Emmons R. Jones (1952), A. M. Michell (1953-54) and Harland J. Rue (1955).

The honored guests were introduced by Donald E. McComas who expressed to them the thanks of the Conewango Club, in a sincere way, for their efforts and endeavors in the past and voiced the wishes of the club that this interest would continue for many years.

A moment of respectful silence greeted the news of the death, in New York just recently, of Samuel G. Allen, the last surviving member of the group of prominent Warren men who organized the Conewango Club in 1896. Notes of congratulation to the Club and best wishes to the Past Presidents were received from John L. Blair and A. M. Michell who were out of town and unable to attend last night's function. Entertainment Chairman Byron W. Knapp announced a series of social activities for the Club in November. Among these will be a pictorial Mediterranean Travelogue, presented by Mr. Knapp on Thursday, November 1st; and Open House to begin at 9 p. m. on Election Night, November 6th, and a special Ladies' Night and dinner with excellent entertainment on the evening of Saturday, November 10th. This affair will be formal and proper notice will be received by the members at an early date.

The Democratic committee

Unusual Program Expanding Business Is Being Put Into Operation by Betts Machine

A program of expanding business while retaining a friendly, informal working atmosphere of a small shop is being put into operation this week by Betts Machine Company.

The firm, satisfied that the present location at 1800 Pennsylvania Avenue, West, is at the precise size necessary to continue employee-management relations of a warm, first-name basis, is expanding its manufacturing to a newly constructed building in Starbrick which will operate independently from the parent firm.

At the new building, site of Warren Manufacturing Company, Betts will transfer its assembly of the famous Warren "Snap Seat" tank truck lights of which it is currently selling about 3,500 a week, has sold approximately 80,000 this year.

At the Pennsylvania avenue plant, Betts will continue to manufacture its main product, valves. This year the company's superior manufacture has cornered better than 75 percent of the valve market in the country, according to Cliff Betts, company president.

Producing all types of valve equipment patented by Joseph H. DeFrees, 414 Liberty street, Betts in 1956 will distribute more than 20,000 valves which will be used on tank trucks.

(Mr. DeFrees, who holds the patents of all the company's valve and light products, is known in the industry as "the man who has done more for the tank truck than anyone else in the country." He man-

tains a local office of Allegheny Valve Company at 438 Pennsylvania Avenue, West).

The products being manufactured now are a far cry from the manhole covers stamped Betts Foundry and Machine Company which dot Warren streets and were made by the company organized in 1901, and occupying the space across from Pennsylvania Railroad depot and now owned by Struthers Wells Corporation.

The company, having lost most of its customers for old log sled "shoes" by the mid-30's was cast-

ing about for new directions when Clifford Betts returned to Warren. By the time he had control in July of 1945, the company had blossomed and moved to its present location where the 50 by 100 foot shop employed ten men. It operated as a job shop business and relied entirely upon others for business.

Turning point came in 1947 when the firm started to manufacture and merchandise a new type valve developed by DeFrees. Finding a ready market, this product required the addition of a new 50 by 100-foot building and when a new air operated emergency valve with many patented features was added to the line, a third building of the same size was erected in 1951.

In 1951, an entirely new principal in lighting for trucks was developed and by 1952, these lights were being specified in considerable quantities by most major oil companies.

By 1954, many manufacturers were installing them on their units as standard equipment. While this new product cost the user several times as much as the lights they were using, the features of being water tight and using a heavy die cast aluminum body, gave the industry its first quality light and is considered by many, as an equal to the sealed beam headlights, that are standard on all automobiles today.

A very wide market is enjoyed by the Betts Machine Company for their products which include all points in the United States, as well as, the Belgian Congo, England, Hawaiian Islands and Nova Scotia. This wide market has developed to the point where the company now employs sixty-three people and has a weekly payroll of about \$6,000 and requires again, increased manufacturing facilities.

As proof of the company's interest in its workers, the president is known as "Cliff" to all the employees and he addresses them by their first name. "There are no misters in this organization," says Mr. Betts. Employees also enjoy a lucrative profit sharing plan, plus bonuses.

The Warren Manufacturing Company located at Starbrick, will be in operation this week, and they in turn will manufacture the overflow business of the Betts Machine Company, including the lights which will require one-half of the 50' x 100' space of this new building. Other new items which are now about ready for the market, will be placed with the new company and manufactured for the Betts Machine Company.

Officers of the Betts Machine Company are:
 Clifford R. Betts, President
 Edward L. Betts, Vice-President
 Karl E. Pierson, Vice President
 Ralph F. Gay, Treasurer
 Richard T. Betts, Asst. Treasurer
 C. J. "Capple" Kauffman, Secretary.

Highway Department Seeking Inclusion of an Additional 306 Miles to Interstate Plan

By DICK HOENIG
 Harrisburg (P)—The State Highways Department is seeking federal approval for inclusion of an additional 306 miles of Pennsylvania road on the interstate system.

Among the department's proposals are:
 1. A 102-mile stretch of super-highway roughly paralleling U. S. 19 from the Perry Highway interchange of the Pennsylvania Turnpike, near Mars, to the Erie area.
 2. A 92-mile route from Shamokin Dam, near Sunbury, northward to the New York state line along U. S. 15.

3. Thirty-four miles of divided highway from Washington, Pa. south to the West Virginia state line along the route of U. S. 19.
 Highways Secretary Joseph J. Lawler wrote U. S. Commerce Secretary Weeks on July 9 asking for the addition of the 306 miles, distributed among eight separate projects, to the interstate mileage already approved for Pennsylvania.

At present Pennsylvania has been allocated about 1,400 miles of the 41,000 mile-national network of high speed expressways.
 Exact locations for only about 270 of the 1,400 miles have been approved by the Bureau of Public Roads administered by Weeks' department.

The state is seeking the additional mileage to be authorized from 1,000 miles added on a national basis to the system by the 1956 Congress. Other states have

asked for up to 400 or 500 miles of the total 1,000.

The interstate system, to be completed in 13 years, is being built with 90 per cent federal funds and 10 percent state funds.

The aother five projects on the Lawler proposal:
 1. A 22-mile link from Pennsylvania 291, the Industrial Highway, to U. S. 1, on the western edge of Philadelphia, to help provide a bypass of congested downtown Philadelphia.

2. An 18-mile connection from Pittsburgh's Golden Triangle to the Allegheny Interchange of the Pennsylvania Turnpike along the general route of Pennsylvania 28.

3. An 18-mile connection from the Norristown Interchange of the Pennsylvania Turnpike to the Delaware River at the proposed relocation of the Tacony-Palmyra Bridge.

4. A belt loop of 16 miles around Philadelphia providing a direct connection from the Schuylkill Expressway to the proposed Delaware Expressway through North Philadelphia.

5. A four-mile link from the Norristown Interchange of the turnpike to the Schuylkill Expressway.

BARE LOGS?

Mark Hopkins was a famous American educator of the nineteenth century. An old saying has it that he used to sit on one end of a log with his pupil on the other end. Teaching today calls for more than the proverbial log for a pupil and a symbolic Mark Hopkins to sit on the ends of. But even with dozens of children the log without the teacher is bare.

We here in Warren should acquaint ourselves with the serious problem of lack of qualified teachers for the future. The Fund for the Advancement of Education established by the Ford Foundation has published a booklet containing facts about this problem. They say "More than anything else—far more than anything else—the quality of teachers and of teaching will determine the quality of education in the years ahead."

An obvious reason for the teacher shortage is the more attractive pay received by qualified teachers in industry rather than in the teaching profession. In many places an unskilled laborer earns more than a graduate teacher to whom we entrust the molding of our future citizens.

As we see it, the long range view is of the utmost importance. From authorities more experienced than we, we find that the teacher shortage and the curriculum offered are far more important problems than school buildings. When we look to the future, let us spend our money offering attractive salaries to teachers of the highest calibre so that we may guarantee to our children an education to fit them for the most they make of their adult lives.

INVEST IN CHILDREN

Scout leaders were urged to protect their investment in their children in a recent bulletin from the training committee to Scout Leaders of the council. In a bulletin from Henry Walker, Chairman, Scout Leaders, most of them parents, were reminded that a child is the biggest single investment, estimated to cost \$1,000 per year to raise.

The dividends of raising good children was pointed out and leaders were urged to train themselves and to see that others in their scout units took part in the fall training program. Dividends of Boy Scouting include character, development, citizenship training and physical fitness.

Training for Cub Scout Leaders and Boy Scout Leaders will be held at the Warren County Dairy, Lookout Street, Warren, Thursdays, November 1, 8 and 15. Explorer Leaders will be trained in a training caravan, meeting in separate Explorer Post meeting rooms, during the same period.

An interesting affair occurred last evening when fifteen living Past Presidents were honored at a dinner at the Conewago Club. This men's social organization long has been a landmark in a community which is very proud of the support and leadership it has given down through the years.

Everyone should be grateful to Beaty and High School students for the contribution they have made to the Halloween season with the attractive paintings they have placed on many of the large display windows in the down-town section.

More power to the civic-minded citizens who are hard at work setting up important preliminary plans which it is hoped will ultimately result in the construction of a Municipal Swimming Pool for Warren. With the enthusiasm and initiative already displayed there is no doubt their efforts will be rewarded with success.

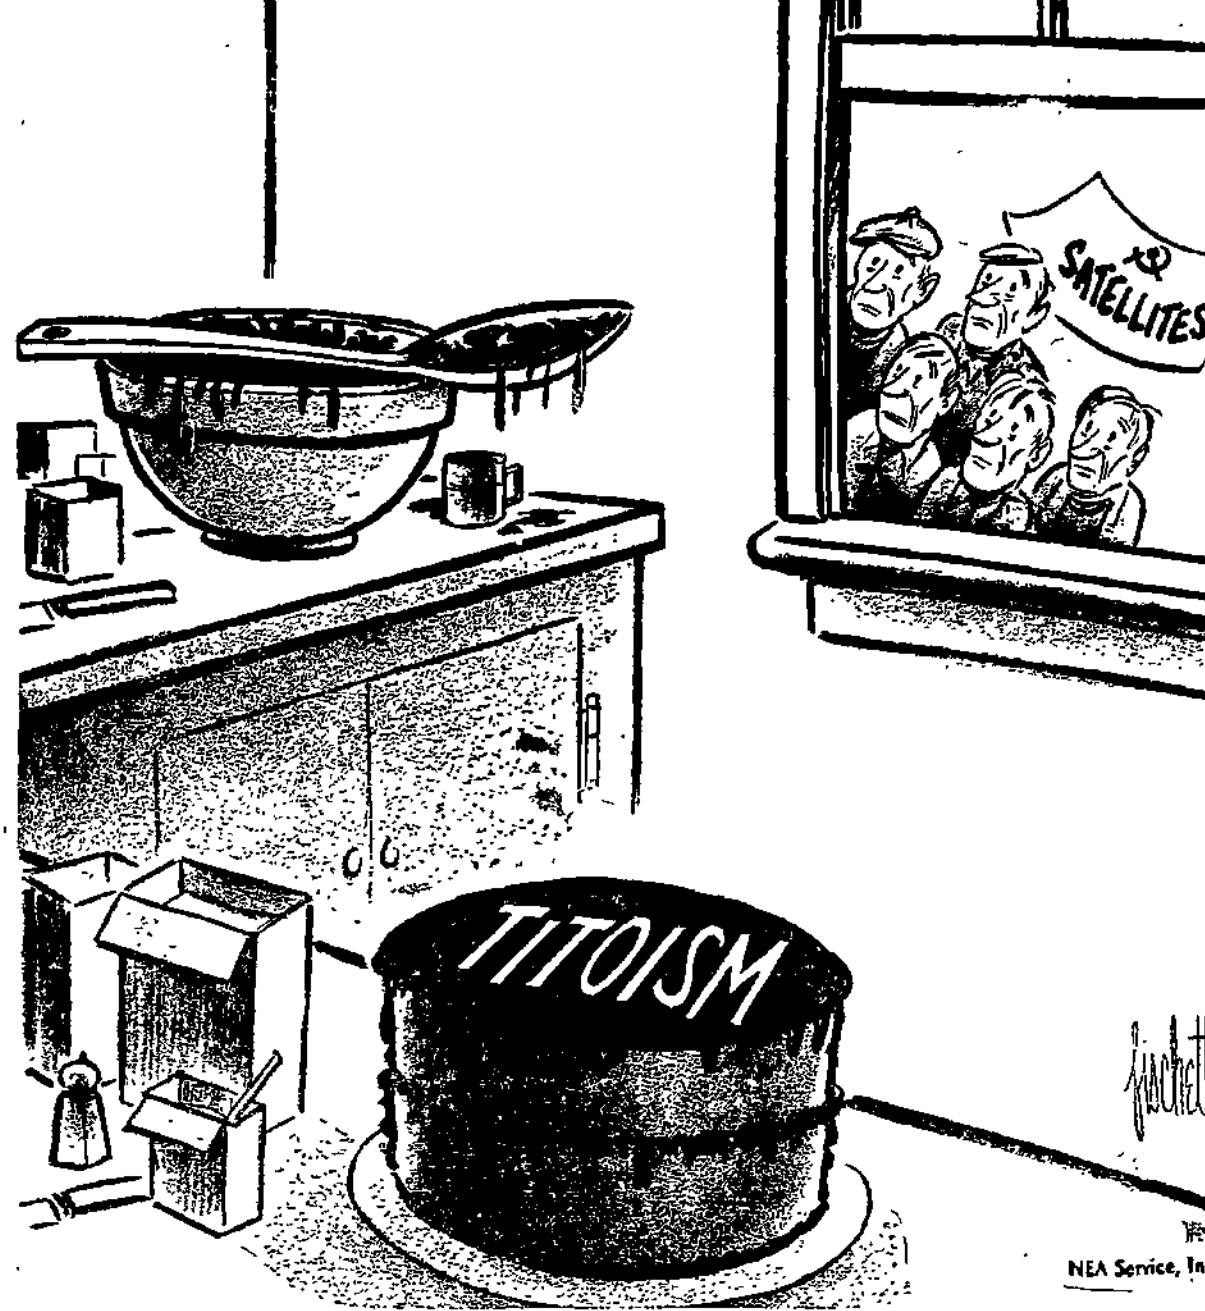

The Kiwanis Club with the aid of the Water Rescue Division of Civil Defense and Warren Firemen, has decided to sponsor the Christmas Toy project. Give them a lift!

THOUGHTS FOR TODAY

Here and There

Announcement that Byron L. Cincinnati, Ohio, October 27, 1858, Swanson has purchased the 14-room structure and property at 316 Fourth avenue west from Mr. and Mrs. Wayne Daugherty and will reopen the Warren Conservatory of Music there next Thursday, November first, revives memories of the years when the Conservatory was located in the 600 block in Pennsylvania avenue west, and still later for many years in the structure where the A. & P. store is located at 239 Pennsylvania avenue west, before moving to the location at the foot of Market street where it has been located for the past ten years or more. As stated in the article the Conservatory which has acquired nationwide and world fame through Dr. LeRoy Campbell, was started 51 years ago as a non-profit educational organization. When founded Dr. Campbell was president and the late Alfred J. Mooney, voice instructor, was secretary and treasurer. Dr. Campbell is still associated with the school as president and piano teacher.

Birthdays of two famous presidents will be observed tomorrow—William Howard Taft and Theodore Roosevelt. Taft was born in Cincinnati, Ohio, October 27, 1858, and Roosevelt, best remembered as "Teddy", first saw the light of day the same year and date, in New York City.

Here is another of those nostalgic editorials that appear periodically in The New York Times: Of all our seasons, both official and unofficial, Indian Summer is the most indeterminate and subject to most argument. There is general agreement that it consists of a series of warm autumn days with clear skies, calm air, distant haze, and cool nights. These agreeable ends. How many times it may come in a year, when it comes, where the name originated—all are constantly argued. Not to settle the arguments, but only to cite certain facts, let this be said: Indian Summer can come any time from late September to mid-December. It can come twice or even three times in a season. Nobody knows where the name came from. As for the name, the Indians themselves had names for their moons or lunar months, but among those names is none that resembles Indian Summer. They used the fine fall weather to get in the last of their crops, just as

Poll of Editors Brings Penetrating Comments

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—How the 1956 campaign looks at local and grass roots levels can be gauged by reports from U.S. daily newspaper editors. Answering a poll on election trends conducted among the 700 editors who receive this column through NEA Service, the editors volunteered many shrewd observations. The representative sampling given below is from eastern, mid-western and west coast papers. Opinions from southern editors—worthy of a separate study because of their variances—will be printed in a later column.

"Poetic justice would be served if the Democrats won the election. . . . Their financial fallacies got us into this mess. . . . It would serve them right if they were in power when we suffer the imminent economic crash that will make 1929 look like a Jack and Jill tumble."—William H. Heath, Haverhill, Mass., Gazette.

"Foreign policy may confuse some Americans. But it also apparently keeps the enemy off balance, too."—William J. Woods, Utica, N.Y., Observer-Dispatch.

"COGENT ISSUES vary in different sections. But generally, higher wages can't catch up with living costs."—C. E. Smith, Fairmont, W.Va., Times.

"Important to this election is the need to overhaul the Republican party. It cannot successfully combat the Democratic party much longer. . . . Nixon isn't the answer."—Paul H. Chalfant, Waynesboro, Pa., Record-Herald.

"I think Russia changed its course because the convinced Russian leaders (at Geneva) that we were in NATO and had bases encircling Russia for defensive rather than offensive purposes."—Joe H. Nixon, Washburn, Ind., Plain Dealer.

"ALTHOUGH Eisenhower's leadership has brought no foreign problem solutions, his influence abroad is best calculated to keep the world on an even keel. . . . Farm distress is much over-rated. Weather rather than federal government has saved midwest farmers this year."—A. R. Higgins, Quincy, Ill., Herald-Whig.

"In this area, farm problem is major issue."—John O. Hjelte, Bismarck, N.D., Tribune.

"The President has demonstrated he doesn't panic in emergencies."—E. J. VanNostrand, Creston, Iowa, News-Advertiser.

"The Republican high command has been quite inept in its assumption that everything is quiet along the Potomac. My earnest feeling is that Len Hall and his helpers . . . are in for a startling surprise."—J. H. Sweet (ex-congressman) Nebraska City, Neb., News-Press.

"BUMPER CROPS in prospect hereabouts. . . . Most farmers own two Buicks. The Super is used to haul calves. So the farm issue won't be decided on its merits."—Albert Lea, Minn., Tribune.

"The important issues will not enter the campaign to any great extent. It will probably be decided on Ike's health, Adlai's divorce and whatever the labor union bosses say."—Robert LeFevre, Colorado Springs, Colo., Gazette Telegraph.

"There is only one issue—Realism vs. Rosy Thinking."—Bill Jenkins, Klamath Falls, Ore., Herald News.

"Both Number Two men are being strictly second rate."—Julius Gius, Bremerton, Wash., Sun.

"Attacks against Nixon are already beginning to kick back to his advantage, just as they did in 1952."—A. T. Richardson, Pomona, Calif., Progress-Bulletin.

Prophecies Concerning Christ

BY WILLIAM E. GILROY, D.D.

The adherent of one religion, or of particular religious convictions, is always upon somewhat insecure ground when he presumes to offer comment upon a religion, or religious opinions, other than his own.

We live, in our part of the world at least, where criticism and comment are free; and that is as it should be.

There is a healthy aspect to free discussion of religions and religious ideas, to good controversy and honest criticism. But in the long run it is the Roman Catholic who is the best authority on Romanism, the convinced Protestant who is the best authority on Protestantism, and the devout Jew who is the best authority on Judaism.

This does not, however, obscure the fact that in each of these major religious groups, as in others, there are wide diversities of judgment beneath common convictions. And these diversities of judgment—in fact, sharp contentions—seem to me to be sharpest in the world of Judaism.

As a Christian reading the Old Testament and observing the world of Judaism today I am impressed with this cleavage, both in the matter of spiritual attitudes in ancient Jewry and in the practical matters and issues of today.

The new political state of Israel is so predominantly in the news, and the issues associated with it are so affecting diplomacy and the crucial situation in the Near East, that one is apt to forget that many Jews, in the United States at least, were strongly

opposed to Zionism and the establishment of a Jewish state. They conceived of Judaism in its spiritual aspect, opposed the conception of Jewish nationalism, and, I think it may be said, foresaw the problems and difficulties that have arisen from the establishment of a Jewish state in a surrounding hostile Arab world.

The immense progress of Israel gives one hope for the future. But the situation is tragic and uncertain, and it is complicated by the fact of division between liberal and conservative Jews.

A national magazine recently stated that of the Jews in Israel about one-third observe only the high holidays and another third practice no religion at all.

To a reader of the Old Testament this cleavage in some of its aspects seems to go back far into Jewish history and religion. Prophetic reaction against formal ritual observance is emphasized in more than one prophet.

Equally, if not more outstanding, is the emergence of a larger, even worldwide outlook, in contrast with the narrower aspect of Jewish nationalism, both ancient and modern. This is found in various Psalms, but has its finest hope and expression in many passages in Isaiah, especially in Chapter 62, in which Jerusalem was to be "a praise in the earth," which it does not quite seem to be at present so far as the actual Jerusalem is concerned.

Are these prophecies to be interpreted only by Christians concerning Christ? Or are Jews to fulfill the greatest things ever said by Jews concerning themselves?

TRICK OR TREAT!

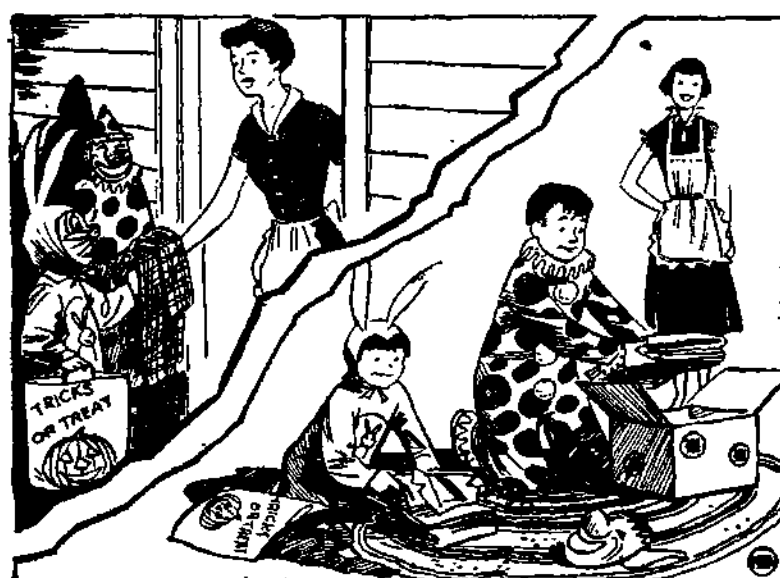

A Halloween Custom's Past and Present

One precedent for the traditional Halloween practice of "Trick or Treat" was the Muck Olla legend of Ireland. Muck Olla, named after a Druid god, was presumably responsible for a farmer's prosperity. On Halloween, a procession led by a man in white robe and hunched mask, would stop at each farmer's house. If the occupant did not contribute generously to Olla's "messengers," he risked incurring misfortune on himself. Happily laden with produce, the procession would stagger home.

"Trick" was far more prevalent than "treat" in the late 19th century in this country. The long association of spirits and goblins with Halloween provided an outlet for the vandalism that emerged. On the morning after, householders could expect anything to have happened during the night, with the explanation: "The goblins must have done it." More strict law enforcement and supervised activities have reduced vandalism to a great extent in our present generation.

"Treat" with a new twist is the tone now being carefully fitted into the Halloween scheme. Costumed youngsters, sponsored by local service organizations and the American Friends Service Committee, collect old clothing, soap and similar items from today's modern homeowners. They then prepare the goods for shipment to needy children in other lands. The unbounded enthusiasm of an oftentimes rowdy holiday is thus being channeled into a worthwhile project.

Dear Editor:
I would like to address this also to the "16-year-old" who wrote the letter in last week's paper and if I may it could be addressed to my own son:

You said you are not important—well my lad you are very important to this community. You will realize your significance and lack of experience and perhaps you will be able to answer some of my questions better in about 10 or 20 years from now!

As to selfishness—there are few parents, teachers or tax payers who could be classified thus in this day and age when the growing urge to do our best for the children is greater every year.

But we oldsters sometimes wonder if our children are not missing some of those remarkably good virtues that they taught us in our day! Do you ever ask yourself if you are fair in your judgment of the folks who built that old High School—it is like many another old building—it has withstood a good many years and many fine citizens have marched through those halls and the brave and good teachers who stood in front of them have worked hard as they do today to teach our children. And when you boys stand to sing the "Alma Mater" at your graduation you will brush a tear from your eye or get a lump in your throat as many others have done before you.

We know we need a new high school and we want our money's worth and the people who never had children in our schools and those who have grown out of the school age want those in authority to do the best for the most for the present and the immediate future.

Perhaps someone can explain why the state in remodeling in the past few years at the state hospital did not tear down but made over some of their buildings into fireproof structures by covering with asbestos composition and designs were changed to match additions. They had space and funds too. We could not put a "fire-trap" in the borough and wouldn't want to. State regulations require good lighting also.

Buses and drivers would be expensive and it is a big item to consider. I cannot argue that these students couldn't very well walk—I walked a mile each way and believe it or not—home at noon for lunch. And noise doesn't bother our high school son either—why he can write an essay with television and radio going at the same time and carry on a couple of hour-long phone interruptions, just for kicks.

If you can come up with a suitable reason for not trying to economize on the school you will do a favor to many who just cannot see how those in authority can overburden taxpayers with any uncalculated expense and especially if we have to buy and run buses for years to come when we cannot keep teachers happy now on the salary we pay.

We want what we can afford and if that sounds corny kids I'd like to see you balance your budgets in a few years hence—then you will know why your dad could not afford a new car or a new suit of clothes or a raise in taxes because dollars just disappear.

Whatever the reason for the objection to this school may be or not be—we should all work together and not make it sound like a political campaign. This is our town, our school and our children and we love them all.

Warren Times-Mirror,

To the Editor:

My dear Mr. Lowrey:
Some time ago I wrote an article expressing my views on the subject—"A New High School vs. Remodeling the Old School." I stated plainly that I would like a new school but was not in agreement that the Swick site was the best. I am sure there are others, like me who formed their opinion by half-learned facts and figures and who, all too hastily formed conclusions.

Since that time I have had the

good fortune, along with many others, to study the facts and figures as they really are.

Perhaps the following statements will help others to arrive at this conclusion; that we need a New School on a New Site.

There were school board members years ago who saw the need for a bigger and better High school. Many choice lots were then available. Each year the urgent problem was held over and put on next year's agenda. Then they in desperation remodeled the old one—remember?

There are no perfect sites that will please all four corners. The site committee reviewed about eighteen sites in all. All were discarded but the Swick plot, Memorial field and of course the present one.

OMISSION

The purpose of this message is two-fold. To caution all persons to wait until they have all the facts and figures before arriving at a conclusion. To say to those who think remodeling, for the third time, will solve our problem. It's not too late to change your mind and I'm certain you will if you carefully study again, all the correct facts available.

Sincerely,
Mrs. Eleanor R. Slick

METHODIST HOME NOTES

By MARGARET H. McBRIDE

Our week started out last Monday with the monthly meeting of the Executive Committee of our Home Board, when Rev. C. W. Baldwin presided, with seven of the nine members on hand. Routine business was finished promptly, and the meeting adjourned early.

To go back to Sunday, for our dinner we were the surprise recipients of a super-delicious cake with our ice-cream, one of those donated to local institutions by the "Youths for Eisenhower," who chose that method of celebrating the President's 66th birthday. And that reminds me once more, Rev. W. J. Small is back home, as good as new, ready to vote for "Ike."

Mrs. Gertrude Minnum has been confined to her bed for some four weeks, but has improved enough now to join us in the Dining Hall once a day. Visiting her on Saturday were Mr. and Mrs. Glenn Mischler and Mrs. Grace Mischler, of Meadville, then on Sunday, Mr. and Mrs. Chas. Helmer, with Mr. and Mrs. Roy Helmer were over from Erie to see Mrs. Minnum. Monday afternoon, Mrs. Ella McCray Casler had Mrs. Robert Lewis and her son Sidney, from Corry, as her guests. That same day, Mrs. Helen Stead was pleasantly surprised by a call from Misses Leota and Ruth Sayers, and on Sunday from Mr. and Mrs. Winfred Brandon, with the latter's father and her daughter, all from Cranberry.

Mrs. Clara Provost has had as her guest the past week her sister, Mrs. Ella Wells, who has not only lived her entire life in Reynoldsville, but been a member of the Methodist Episcopal Church there. That is also true of her parents, Mr. and Mrs. Matthew Phillips. Mrs. Provost and Mrs. Wells are two of seven sisters, the eldest living being 93 years old. Mrs. Katherine Shaw too has been entertaining her sister and her husband, Mr. and Mrs. B. H. Kaufman, from Detroit, last week.

Tuesday night, we had a very nice party tendered our members by the Delta Alpha Class from Stone Church in Meadville, with Mrs. Jennie Culler as leader. Miss Dee Thomas introduced the guest of the evening, Mr. Ernest Bauer, who provided some fine films taken during his trip to Europe, and treated us to a running commentary on the pictures showing some breath-taking views of the Switzerland mountains particularly caught my eye. The evening ended with some delicious confection served by the ladies' committee.

Infirmary news in the main is good this week. Mrs. Blanche Crothers is back from a long stay in the Meadville Hospital quite improved. Mrs. Elsie Hanrahan is also in her own room, and improving slowly. Miss Margaret Scott is in the Hospital, after a relapse. A whole new staff of nurses are in charge now, with Miss Boyer Smith, R. N. as nominal head, but Mrs. Cora Robinson has been acting supervisor since Mrs. Reba Lowe left us. She has gone through surgery at Meadville Hospital, and is at home for convalescence. Mrs. Margaret Frazier

is still Night Nurse, and Mrs. Mary Burns is in charge from 3 to 11 p. m. Miss Pat Brunet is still one of our favorite aides. Mrs. Carol Dunlop, Mrs. Veja Casbhorn, Mrs. Marie Wojcik, Mrs. Agnes Fitch, Mrs. Mildred Kickeisen, and Mrs. Rilla Pollock complete the roster, as of now.

Wednesday, Mrs. Edwin Spofford renewed acquaintance with a lot of her old friends here, made when Rev. Spofford was pastor at the Conneautville Church during the time Cribbs Home was there in the old location. She took Mrs. Anna Schultz, Miss Maude Hawthorne, Mrs. Emma Shumaker and Mrs. Nancy Kahle for a lovely long drive, a resumption of one of her early kindnesses. Other callers the same day were Mr. and Mrs. Fred Langley, from Meadville, who took Mr. and Mrs. Mylo Putnam over to Waterford to call on Mr. and Mrs. Harry McWilliams. Sunday the Putnams were hosts to Mr. and Mrs. Ray Chapman and their children, Mr. and Mrs. Arthur Mortison, Mr. and Mrs. Alford Himrod and Miss Marian Himrod, all from Waterford.

Mrs. Blanche Johnston had an old school friend, Mrs. H. J. Shelly of Albion, call on her last Thursday, and on Friday, Miss Ruth Hatch and Mrs. Ruth Carlburg from Union City came over to see Mrs. Rose Thompson and the Charles Hubbells. "Aunt Rose" was treated to a nice long drive too on Sunday, when Mr. Arthur Doane took her and her nieces, Misses Myra and Olive Oakes out motoring. Mrs. Dora Blystone tells me her daughter, Mrs. Madeline Anderson, from Bradford, has returned to her home after several days in the Hospital following her fall. She is improving, but still a victim of nervous tension. Luckily, the fear of concussion was groundless.

MR. AND MRS. RICHARD GUSTAFSON

Candelabra, white gladioli, poms, and palms decorated Youngsville Evangelical United Brethren church October 13 for the double ring ceremony uniting in marriage Mary Anne Lucas, daughter of Mr. and Mrs. James Lucas, and Richard Gustafson, son of Mr. and Mrs. Urno Gustafson, both of Youngsville.

The Rev. F. Eugene Donelson performed the ceremony. Miss Darrell Pierce was at the organ and Mr. Pierce sang "Two Shall Be As One," "Walk Hand in Hand" and "Through the Ages."

Given in marriage by her father, the bride wore a self-styled and fashioned waltz length gown of white nylon chantilly lace over taffeta. Her French illusion fell shoulder length from an orange blossom headpiece, her mitts were of lace, and her single strand of pearls and pearl ear-rings were the bridegroom's gift. She completed her outfit with a nylon lace-covered prayer book, topped with a white orchid and ivory streamers.

As her sister's matron of honor, Mrs. Jack Dailey wore waltz length rose taffeta and lace and a floral headpiece. Similarly attired in French Blue, Ina Mae Gustafson served as her sister's bridesmaid. Their yellow colonial bouquets were of carnations, poms and feverfew.

Lawrence Gustafson was best man for his brother; ushers were another brother, Herbert Gustaf-

Lake Milton, O.; Frewsburg, N. Y.; Coraopolis, Corry, Warren, Irvine, Pittsford, Waterford, Grove City and Erie.

Following a wedding trip to southern states, the couple will return November 1 to reside at 290 Davis street, Youngsville. The bride, graduate of Youngsville High and employee of Youngsville National Bank, traveled in brown wool tweed with fur collar, brown accessories and a white orchid. The bridegroom attended Youngsville High and is employed by Corry-Jamestown at Corry.

Hostesses who honored the bride-elect were Mrs. William Warner, Mrs. Richard Littlefield, Mrs. Lawrence Gustafson, Mrs. Jack Dailey and Mrs. John Gustafson.

A reception after the wedding was attended by many friends and relatives from both Pennsylvania and New York.

After a wedding trip to Atlantic City, N. J., the couple will live in Brooklyn. The bridegroom is associated with the United Tiberias Yeshiva and Institutions and is well known for his work in Jewish religious circles.

MR. AND MRS. CARL ARNOLD

A candlelight ceremony performed in Grace Methodist church at 2.00 p. m. October 20, united in marriage Wanda Jean, daughter of Mr. and Mrs. Gerald Lucas, 179 Davis street, Youngsville, and Carl Arnold, son of Mr. and Mrs. Earl Arnold, 187 Marsh avenue, Youngsville.

Rev. C. W. Waldwin officiated for the double ring ceremony in a setting of white snapdragons, Fuji mums and candelabra holding lighted white candles. Traditional wedding music was played by Richard Pratt, including "O Promise Me" and "Wedding March."

Given in marriage by her father, the bride wore a simple gown of white Skinner glaze satin topped by a delicate boat yoke of aqua satin, covered with re-embroidered Alencon lace alight with sequins and pearls. The huge skirt fell from a fitted bodice and scalloped yoke and ended in a chapel train. Her veil of imported illusion fell to her fingertips from a crown of pearls and sequins. Her only jewelry was a double strand of choker pearls, gift of the bridegroom, and she carried white Fuji mums centered with a going-away corsage of white Fuji mums.

Brenda Lucas, sister of the bride and maid of honor, wore a ballerina gown of aqua nylon net over taffeta, velvet fitted bodice and matching bolero jacket. Her headpiece of matching flowers held a brief veil, and her flowers were yellow and bronze mums with bronze ribbon.

Melva Johnson, Lottsville, and Nelda Norbeck, Sugar Grove, were bridesmaids, and wore gowns and flowers similar to the maid of honor's. The bride's little sister, Glenda Lucas as flower girl, wore a white nylon dress with a large blue sash and headpiece made of yellow and baby blue pom-poms. Her tiny basket was of matching flowers.

Earl Arnold, Jr., was best man for his brother; ushers were J. Carl Peterson, Pleasant township; George Peters, Cherry Creek, N. Y., and Gene Luther, Youngsville. The bride's mother wore a fawn colored taffeta two-piece dress with brown accessories and a corsage of bronze mums. The bride-

groom's mother was attired in a brown dress and beige accessories, with a corsage of bronze mums.

The reception for 65 guests followed at the National Forge Clubhouse at Irvine, where an octagon table was centered with a five-tier wedding cake, topped with a miniature bride and bridegroom and encircled with smilax and poms.

Designed for the Petite

NEW YORK—(NEA)—A short girl can wear very nearly any fashion if it's proportioned for her.

It's the if that's most often the stumbling block. In order to get what she wants, the small woman often resorts to having a dress cut down in all of the wrong places: shoulders, waistline, sleeves. The result is usually awful.

What she needs are clothes de-

signed for her, proportioned through waistline and shoulders and sleeves, yet following out the season's top fashion trends.

We show here two short waisted fashions designed for the small figure, with shorter waistline and with lines that create a flattering illusion of height and slenderness.

Red-and-black wool jersey (left) has slim, sleek lines, a minimum of trim and just a touch of velvet at neck and sleeves. It's the ultimate in the neat look. Town dress in sheer wool (right) has mock bolero outlined in black braid. Slim skirt is eased by a single pleat at the back. Both are Miss Theresa designs for Nat Tuman.

Lutheran Women Lay Groundwork for Organization of New Parish Group

An enthusiastic group of women met Wednesday evening in First Lutheran church for the purpose of becoming acquainted with the plan and work of the United Lutheran Church Women, the women's auxiliary of the United Lutheran Church in America.

The meeting opened with prayers by Rev. V. Theodore Benson, assistant pastor of the congregation. Mrs. Lena Schaefer presented a striking devotional message, and a soprano solo, "My Task," sung by Mrs. William E. Yeager, closed the devotional service.

Mrs. E. G. Price, vice president of Pittsburgh Synod U.L.C.W., explained by means of charts how an organization is effected, and what the duties of the several officers and committees should be. A question and answer session brought to light many problems which were graciously explained by Mrs. Price.

U.L.C.W. is an organization of all women of the church working together for the purpose of learning about the many areas of activity in which United Lutheran Church is engaged; of taking an active part in personal assistance in the local congregation, as well as supplying a needed hand in the operation of the institutions supported by the church at large; and helping through contributions of time, talent, and free-will offerings.

Mrs. G. L. Himmelman, former president, and currently chairman of the membership committee of the Synod U.L.C.W., was introduced and brought a message of greeting and encouragement.

Committees were appointed and plans made for the organizational meeting in the church next Tuesday, October 30th, at 7:30 p. m.

At that time, officers of the general organization of U.L.C.W. will be elected, including chairmen of membership, education, Christian service, and offering committees.

Also, at this time the formation of numerous small circles of women comprising the general organization will take place. All women are reminded and urged to attend, whether or not they were at the meeting Wednesday.

A period of fellowship and an

opportunity of renewing acquaintances was enjoyed over a cup of tea in the church parlors. Approximately 200 women were present, including several members of the newly-formed ULCW organization of St. John's Lutheran church of Pleasant township.

Announcement was made concerning the fall ULCW convention at Grace Lutheran church, Brookville tomorrow. A chartered bus will leave the church promptly at 8:00 a. m., returning about 6:00 or 7:00 in the evening. Those who have made reservations are asked to be at the church in plenty of time, and those wishing to go but having no reservations may call Mrs. Lloyd Turner, 1739-J, or Mrs. F. B. Haer, S297, this evening.

EPWORTH WSCS
WCS members of Epworth Methodist church will hold their October meeting in the church parlors at 7:45 p. m. Monday, with the Bernadine Circle as hostess.

William Skinner, Youngsville, announces the engagement of his daughter, Carol Anne, to Alvin Bean, son of Mr. and Mrs. Clemmer Bean, Garland. No date has been set for the wedding. (Photo by Stokes).

Glade Auxiliary Inviting All To Join Membership

The annual membership drive of Glade Township Firemen's Auxiliary is under way, and the ladies extend an invitation to all interested women of the area to join, and submit the following explanation and invitation concerning this drive:

We are proud of our accomplishments, but are striving to do bigger and better things this 1956-57 season. In order to do this, we need a larger membership and have set up a new system to interest all the ladies.

If you can be an active member we need your help; if you wish to join but cannot be on dinner committees, don't stay away, as you are welcome as an inactive member.

Those who don't live in Glade Township are invited to be a social member, but this means you cannot hold an elective office.

If you have visited the Glade fire hall you know what a beautiful kitchen the auxiliary has furnished. We have earned a good reputation for serving fine home cooked dinners in a clean, comfortable atmosphere. Our aim is to aid the volunteer fire department to buy the necessary equipment and to improve the department with any new items the men might decide upon. This auxiliary has been doing in the past years and hope for success this season will allow us to do more for this wonderful organization.

This is not all work; we have had a very enjoyable program at every meeting this past year and are planning a variety of interesting evenings for the coming season.

At the next meeting, November 12, Joseph Williamson, superintendent of Warren General Hospital, will give an informal talk on "Our Hospital," followed by a question and answer period. The December meeting will be filled with "glitter" as this is Christmas party time. In January, Sallie Weller, Warren County Youth Ambassador, will talk, and many more programs for the months to come are being set up.

Workers have been appointed in the following sections of the township to accept new members: Shipman's Eddy, Elsie Rae; Hemlock, Flossie Schweitzer; Cobham Park Road, Audrey Curtis, Ellen Valentine; Smith's Corners, Thelma Ploss; Jackson street extension; Phyllis Simonsen, Gladys DeVore; Fifth street extension, Thyra Nuhfer; Oakview, Emma Geary; West street extension, Viola Sechrist; Conewango avenue extension, first section, Mrs. Sam Niver; second section, Mrs. Carl Bauer; third section, Ida Beary; Hatch Run road, Mrs. Howard White; Quaker road, Dot Lindsey.

If for any reason you are not solicited by November 5, please call Mary DiPierro, 230.

Let's get behind our fire department and auxiliary 100% by showing our interest.

Ludlow PTA Sponsoring UNICEF Trick-or-Treat

Ludlow-UNICEF was the most important business discussed at the October meeting of Hamilton Township PTA, attended by 75 adults, and conducted by the vice president, Mrs. Walter Cox.

Cooperating with the Boy Scouts, community-interest men, and the American Legion, the unit voted to sponsor the UNICEF Halloween project.

On October 31, 5:30 to 7:00 p. m., costumed children will call at every home in the community with a UNICEF container for pennies to help the children of the world. Scouts and interested men will assist the youngsters across streets and lend them a hand otherwise.

This is the first time the UNICEF Trick-or-Treat program has been tried here and its success depends entirely upon the community's cooperation. The co-chairmen, Mrs. Walter Cox and Mrs. Lawrence Larson, made flyers to reach each home today.

The American Legion will hold its annual party for the children, starting at 7:00, with the PTA assisting. Silver dollars will be given for costume winners, there will be a treat and a movie. Adults are welcome and will be served doughnuts and coffee.

Another interesting feature of the PTA session was the lecture and color slides on Alaska, taken by Mr. and Mrs. Lester McArthur. The latter also showed bead and ivory articles from Alaska and an Eskimo cookbook full of unfamiliar words and receipts.

Mrs. McLeary presented her grades in a playlet, and her room won the attendance award for the month. In this connection, parents are reminded all parents are welcome in the organization and may contact Mrs. Charles Fetzack for details.

Concluding, refreshments were served by Mrs. Leroy Johnson, Mrs. Phluger and Mrs. Wolfe in the cafeteria. Homerooms were visited and handwork of the children admired.

The wild turkey, squirrel and grouse season opened last week with about 350,000 hunters in the fields.

There are about a million licensed hunters in the Keystone state.

Hunting opens tomorrow at 9 a. m., eastern standard time.

All hunters, even those after duck, squirrel, turkey and grouse, must observe the 9 a. m. ruling regardless of the normal hours.

YOUR FOREST RANGER

L. E. Stots

The history of "high grading" our forests for quality sawlogs of the best species, has been repeated by the pulp and paper industry, which for years took only spruce and balsam out of the forest of the North East, leaving the low grade hardwoods to dominate the stands.

When I cruised timber for companies in Canada and the Adirondacks in the late twenties and early thirties, I only recorded two species on my tally sheets, spruce and balsam. The hardwood trees such as maple, birch and beech were beautiful in the fall of the year as their brilliantly colored leaves were mirrored in the calm waters of a lake, and we were duly appreciative of this beauty as we made our rounds by canoe. But as we slogged through the woods on a cruise line, we were interested only in the long fibered cone bearing spruce and balsam.

I have always contended that every species of tree has some value to man, and that research will eventually unlock the secrets of even the most stubborn tree so that its wood will yield a useful product for man's welfare.

When our country was first settled, the forests seemed limitless, and the great variety of species confounded the early European immigrants who settled on American soil. Naturally, only the best trees of the most useful species were cut for man's use. Research in wood utilization was still centuries away, and would only be stimulated when quality timber became scarce. By the second decade of the twentieth century it became apparent that the supply of spruce and balsam for pulpwood might become critical a few decades hence, so the Forest Products Laboratory of the U. S. Forest Service started pioneering work on a new pulping process designed to make paper from the hardwood species that the pulpwood cruiser of the early twenties passed up as having no value.

Known as the semichemical process, it has two great advantages over the other four main processes used to convert wood into pulp. A greater yield of pulp from a ton of wood is obtained by this process, and almost any species of wood can be pulped by it. For these reasons, production of wood pulp of this process has more than doubled since 1953, and many new mills will soon go into production.

Great improvements in the basic process have been made by research workers in the pulp and paper industry, so that fine quality bond paper, superior to that made out of the time honored spruce and balsam fibres, is being manufactured by the semichemical process. The biggest single item made from this pulping process is corrugating paper for boxes, but printing paper, writing papers, glassine and greaseproof papers are also made.

The semichemical method of pulping is the key that is beginning to unlock the dense stands of second growth hardwoods on the Allegheny National Forest to intensive forest management. Paper mills once dependent upon our neighbor Canada for their pulpwood supplies can now secure abundant supplies of hardwood pulpwood without recourse to Canadian imports.

Timberlands in the East, once stripped of their softwoods, are staging a comeback now since there is a market for the hardwoods which replaced them as a result of natural reforestation processes.

Assemblyman Talks To Sheffield Club On His Trip Abroad

Sheffield-Rotary Club members held their regular luncheon session Tuesday, with 23 members attending and three guests, William Walker, Warren Rotarian; William Curnutt of Philadelphia, guest of Larry Stotz; and Assemblyman Allen M. Gibson, guest of Dr. J. A. Allen.

The club voted to continue four subscriptions to the Spanish edition of The Rotarian, titled Revista Rotaria, and the usual contribution of \$30 to the Lincoln and Washington grade schools for Halloween parties. A letter from the Rotary Club of Cairo, Egypt, was left to be read at the next meeting.

Mr. Gibson entertained the club with colored slides taken on his recent trip to Europe. The Gibsons left September 19th, crossing both ways on the Queen Mary, landed at Cherbourg, and from there went to Paris, Rome, Florence, Venice, Milan, Cannes, Monaco, and, finally, ended the trip in Scotland, where they attended their son Allen's wedding.

The colored slides were very beautiful and views of the palaces of Versailles and Fontainebleau were outstanding. Among the unusual views were those of the Colosseum in Rome, also pictures of some of the excavations now being made. The final pictures were several taken at the wedding, including the wedding party leaving the ancient Abbey, which is one of the shrines of Scotland. Mr. Gibson promised to return to show more slides covering other interesting sights of their trip.

Last week's meeting guests included Dr. Carl Whipple and Gerald Newton, Rotarians from Warren, and other guests, Dr. William Pitts of Rural Valley, guest of Dr. Mull; Don C. Brown of Lakewood, O., guest of Art Fawcett.

Larry Stotz was presented by George Fetterolf in a program on forestry work. His speech was a condensation of facts and in a few minutes gave a marvelous picture of the country's needs and resources.

He said we are adding five people to our population every minute and this population increase naturally requires a greater production of lumber. His figures indicated about four and a half million timber owners in the U. S. and about three-fourths of them farmers. Pointing out that timber growth is increasing, but is not keeping in step with the increasing population, and saying there are "Too few trees on the acres, he emphasized there is a greater need for further planting and better care of increasing timber.

While there has been greater progress in fire prevention and fire control, insects and disease kill several times the number of trees destroyed by fire. One of the interesting facts was that the present yearly lumber production is above 47 billion feet, but by the year 2000 (only 44 years from now), we will need an annual cut of 80 billion.

In addition, several non-support matters were reviewed.

able saving to taxpayers. However, it had been the opinion of others that the present building could not be remodeled adequately, and also that a new larger site was necessary for expansion even beyond the foreseeable building needs for 1,200 students.

Should the recommendation for the Swick site or another, be forthcoming at the school board meeting November 12th, another committee from the state department of instruction will have to visit Warren to okay the choice of site. When that is completed and final state approval is given, a high school project, probably within a year, the community will have ten months in which to let bids.

It has been stated by school board members that at least three years will be needed to construct the proposed one-story building once final approval is given the project by the state. This could mean a completion date in the early 1960's.

The Times-Mirror emphasizes that selection of the Swick site is not definite but that votes of various citizen groups show that its possibilities outweigh at this time the choice of a Memorial Field site or remodeling of the present building.

Taxi Bandit

(From Page One)

That taxi was driven to Bradford Wednesday night and Edwards slept in the car until Thursday morning. After roaming in Bradford during the day, Edwards parked the same truck last night. He called a cab from Bradford's Main Street Dinor, asked to be taken to Lewis Run. When out of town he shoved a gun into the driver's ribs (he was seated beside him). Turning up a lonely road, Edwards asked for the man's money, relieved him of \$44 and his cab which he then drove to Warren, arriving by the Sherwood Reentry Road and abandoning the vehicle on the South Side.

Cpl. Bamit of Kane Trooper Barracks and Gordon H. Foley, McKean County detective, were in town at noon today to transport Edwards to Smethport where he will face armed robbery charges in McKean County Court. Only previous criminal record was one of bad check charges.

Eisenhower

(From Page One)

An over-all gain for Eisenhower in New Jersey was reported by professional pollster Kenneth Fink. His figures as of Oct. 18 were: Eisenhower 52.6 per cent; Stevenson 45; undecided 2.4.

As of Sept. 26, Fink's figures were: Eisenhower, 53.4; Stevenson, 43.4; undecided 3.2.

The Lansing (Mich.) State Journal, Republican independent, continuing a poll of various occupation groups, sampled opinion of farmers at grain elevators, a farm auction and at Farm Bureau meetings. It reported 378 farmers for Eisenhower and 50 for Stevenson.

A poll being conducted among Baltimore citizens by students of Goucher College's politics center, cumulative since Oct. 8, gave: Eisenhower 47.2 per cent; Stevenson 39.1; undecided 13.7.

Oil City Army Officer Held in Hometown Jail

Oil City, (P)—1st Lt. Stanley Maurer was held in his hometown jail today awaiting return to Fort Rucker, Ala., in connection with an investigation of alleged monetary discrepancies.

At Ft. Rucker, Lt. Col. R. L. Huffaker, the Army provost marshal, said Maurer was to have been separated from the service yesterday but was picked up at home while still on Army travel time. He added:

"There seems to be some discrepancies in a fund of which he was custodian. The Army is withholding his separation for his return here for clarification and— or investigation of these shortages."

Then, as the crowd roared "No" to each question, he continued: "Was it they—or we—who inspired and launched the greatest highway building program in history?"

"Was it they—or we—who conceived our boldest proposal for disarmament—the open skies offer of mutual air inspection?"

Then he went on, "well, I think this is about the worst job of reporting I have ever seen."

Haggerty said he wanted to commend that newspapers which print the Pearson column also print his remarks about it. He said he had called Pearson's secretary and told her of his plans to make a public statement on the column and was informed that the columnist was on the way to the Midwest.

Dragons Take on Win-less Wolves in Saturday Contest at Kane

Two Roughest Games of 1956 Next on the Warren Schedule

The Kane Wolves, who have yet to win a game all season, will take on Warren Dragons at 1:30 p. m. Saturday on Kane High School field.

Coach Robert Robertson charges have played some excellent ball on occasion this year but have not been able to pull one out of the fire yet. Last week they cracked to two quick period touchdowns over a startled Titusville eleven before the Rockets rallied to snatch the win, 35-12. Earlier in the season, Titusville had stricken Warren, 19-14.

Dragons are also sporting another probable vacancy in their forward fall for the Saturday encounter after Jim Olson, playing a "little" extra-curricular "sandlot" football suffered a slight leg injury which will probably keep him out for a game.

If Warren does not run into too much difficulty holding Kane to the straight and narrow loss path, the contest should be their last romp of the season.

Coach Fred Bell's boys really begin to tangle with the heavyweights the following Friday when the team from rapidly growing Millcreek Township near Erie greets the locals. Last year the championship Dragons whipped them 37-13 but Millcreek has a record of four wins and two losses this year against rough opponents.

Final game of the season will pit the Dragons against the Red Raiders from Jamestown on Memorial Field Saturday, November 10th. In a traditional contest anything can happen. Jamestown has a record of two wins and three losses this year, plays Olean Saturday night, last week was squeaked 14-13 by North Tonawanda as an extra-point jinx showed up again.

In other county contests this weekend, Sheffield Wolverines wrap

up their schedule and season Saturday afternoon with a home game against Port Allegheny. Youngsville Eagles play at Saegertown Friday night and the county's only undefeated football team, Northern Area Knights, plays Ripley at Ripley.

Probable Dragons starting line-up for Saturday includes Powley, le; Jenkins, lt; Brooker, lg; Bruce Trevenen, c; Sedwick, rg; Rosequist, rt; Griffin, re; Berdine, qb; Mascaro, lb; Hartnett, rh; Swanson, fb.

Defensively Warren will have Mervine, McKeavey, Salerno, Rasmussen, Connie Hultman who was injured two games ago will probably see only limited action in the Kane contest.

Pitt Fans Hoping Walton Will Make The All American

By GIB STALEY
Pittsburgh (P)—Left end Joe Walton, the player most Pitt football fans believe has the best chance to make this season's All American team, says he just hopes "I can be as good as dad."

Back in 1932 and 1933 Walton's late father, Frank Tiger Walton, was playing a bang-up game at tackle for Pitt. After leaving Pitt, the "Tiger" played one year of pro football with the Boston Redskins. He then took up coaching but 10 years later made a remarkable comeback, playing the 1944 season as a 240-pound guard with the Washington Redskins.

Later, the elder Walton took up coaching again, this time as an assistant with Washington and the Pittsburgh Steelers. Along the way he took time out to pass on some of football's fundamentals to his strapping son and that advice is paying dividends for Pitt.

His son, firmly established as one of the finest ends in the country and one of the best Pitt ever produced, would rather talk about his father's gridiron feats than his own. As for his chance of making the All America team this season, the 20-year-old 205-pound, 6-footer from nearby Beaver Falls, said today:

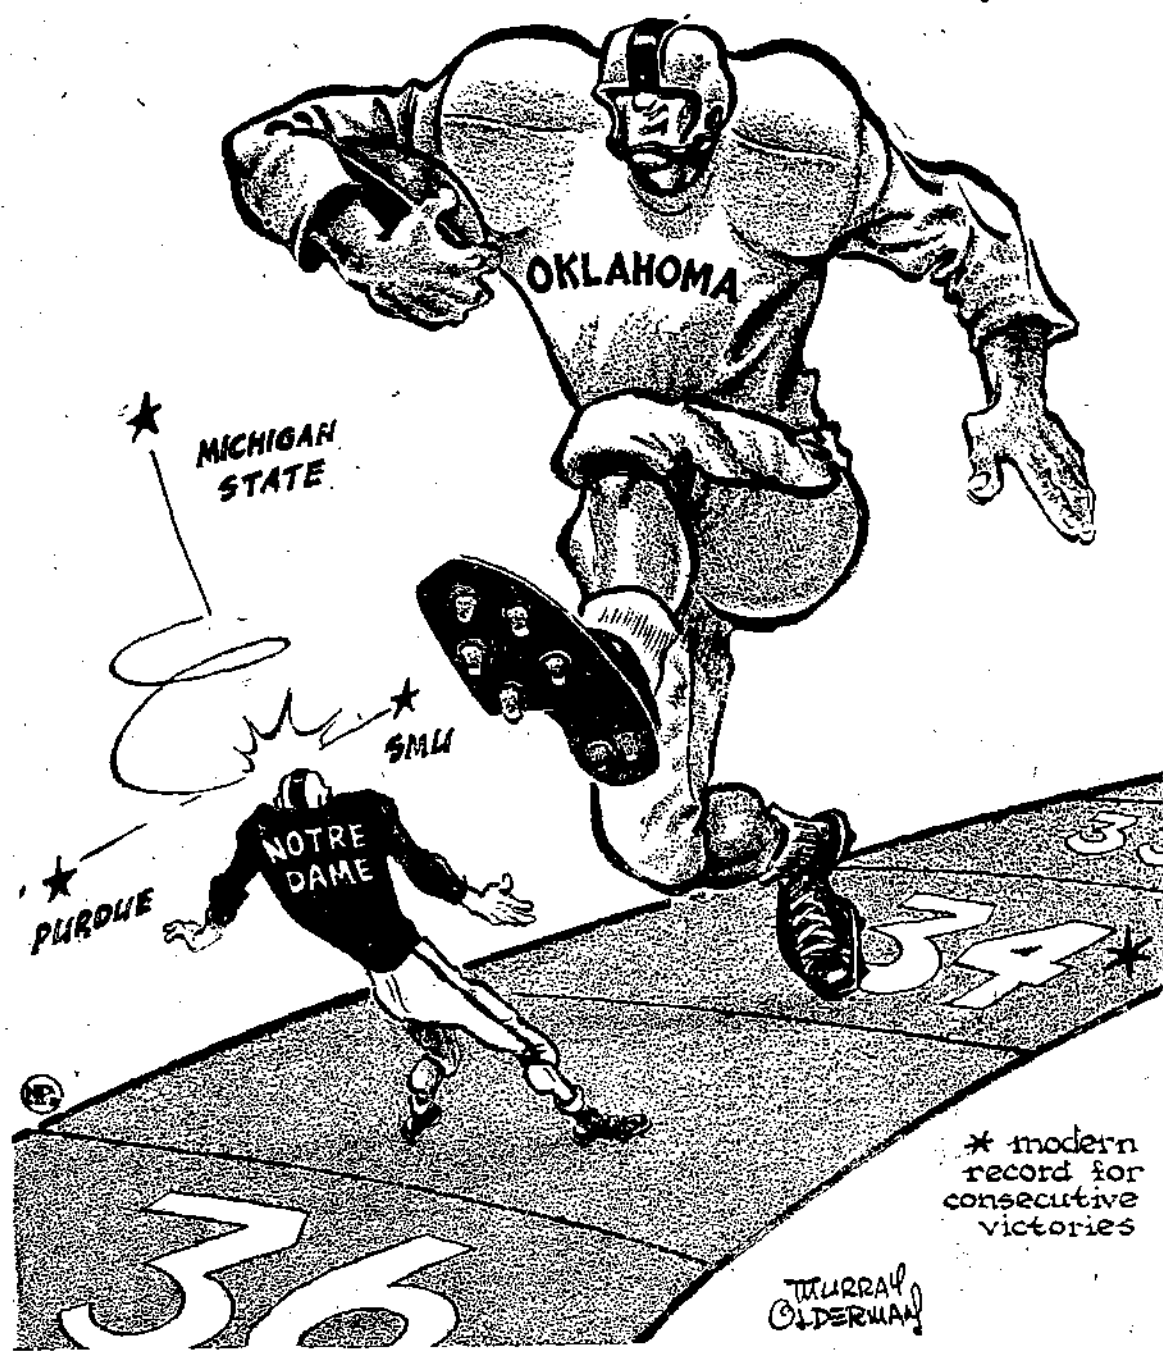

"Oh, I don't know about that. I don't think I'm that good. And you have to have an awful lot of breaks."

Walton has caught eight passes, three for touchdowns this year. "He's a good solid football player with a great pair of hands and fine reflexes. He moves extremely well for an end," says Pitt coach John Micheloson.

Season For Quail, Pheasants And Rabbit Opens on Saturday

The extreme concentration of hunters in timberlands which occurred the first day of small game season last Saturday is not likely to be repeated this Saturday, according to District Game Protector David Titus.

"Last week," said Titus, "most of the hunters were after grouse, turkey and squirrels which are most plentiful in heavily wooded areas. This Saturday, with the opening of the season on quail, pheasants and rabbit, a large share of the hunters and beagle men will be roaming farms and lowlands."

Titus added that the kill to date has not been extremely heavy as the huge influx of hunters opening day fell off greatly during this week.

Small game season last through November 24th. Regular deer season this year will last from Dec. 3, until Dec. 15.

Much Speculation Over Successor to Marion in Chicago

Chicago (P)—There was a wave of speculation today as to Marty Marion's successor as manager of the Chicago White Sox but the No. 1 candidate appeared to be Al Lopez.

Marion resigned yesterday after a conference at Comiskey Park with Vice President Chuck Comiskey and other Sox brass.

"They were not happy with my work," said Marty, who moved up from the Sox coaching ranks to replace Paul Richards as Sox skipper Sept. 14, 1954.

There was little doubt that the 39-year-old former St. Louis Cardinal star shortstop stepped down under pressure.

"There were some statements made during the season by Chuck Comiskey that 'White Sox material was excellent' and that I was doing a 'credible job,'" said Marion. "Their remarks always were just lukewarm. They never gave me a solid vote of confidence. Actually, I believe I did a good job (the Sox finished third both years under Marion). In fact, I'm proud of the job I did."

Marion, who was the 13th Sox manager since the club last won the pennant in 1919, said he had no definite plans but wanted to remain in baseball. He left Chicago immediately for his St. Louis home.

GRAYSON'S SCOREBOARD

Oklahoma Has Career Coach In Master-Mind Wilkinson

BY HARRY GRAYSON
NEA Sports Editor

NORMAN, Okla.—(NEA)—After one year of the hurricane who was Big Jim Tatum, 1946, Bud Wilkinson was a gentle zephyr to the folks in Oklahoma.

Someone then must have foreseen the orderliness that is Wilkinson's because the first thought was to toss out everybody but the players who came with Tatum from the Jacksonville Naval Base.

Anyway, Wilkinson took over with the thoroughness instilled in him by Bernie Bierman at Minnesota, where he got it all—as a running guard in 1934-35 and quarterback in '36. Envious rivals contend that Wilkinson does it with Oklahoma and Texas oil millions, but anyone who has had a hand in building a football empire will tell you it takes vastly more than that. If it didn't, a lot of high-pressure football schools would lose with even less frequency than does Oklahoma.

WILKINSON is the modern Bierman, deploying his athletes out of his own version of the split-T instead of the single wing. He is a new Bierman with the personality that the old Tulane and Minnesota wonder-worker lacked. He is a rare mixture of front-office executive, drill master, politician, diplomat, salesman and con man.

Oklahoma is extremely fortunate to have landed, quite by accident, a career coach who intends to stay put while he could make much more money in numerous other lines. Why, anybody in Oklahoma will tell you that Wilkinson, who at 40 looks more like one of his athletes than a master mind, could be elected governor of the state merely by announcing his candidacy.

A RATHER UNUSUAL twist is that Wilkinson was not a poor boy, say from the Pennsylvania coal belt, who was put on the right track by going to college. Bud's father is a highly successful mortgage-loan broker in Minneapolis, wanted his son to come into this or some other business.

But close to coach and is working on a 10-year contract at \$15,000 a year which expires in 1962. Perhaps the most extraordinary of all Wilkinson's varied accomplishments is his way of keeping satisfied 44 or more standout athletes. He can play no more than 11 at a time.

Wilkinson runs the entire Oklahoma athletic program—in the front office and walking up and down in front of his football players on the bench. Bud is the law and he administers it well. He is as close to the faculty and alumni as he is to his players.

OKLAHOMA SENDS mighty few boys to the professionals. The main reason is that their coach encourages his boys to enroll in solid subjects that will assure them a substantial living. Another reason is that he is so cranky about speed that very few big, pro-sized lads make the grade at Oklahoma unless they can run like whippets.

The severest test of a coach is what his players say about him when they have graduated.

"Even if you didn't play football and never saw him, you'd still be better off just spending four years in the same town with Bud Wilkinson," says Jim Weatherall, Oklahoma's All-America tackle of 1951 now with the professional Philadelphia Eagles.

Bud Wilkinson broke the modern consecutive game winning record in a wholesome way.

Lou Little Getting His Last Chance To Upset Army Eleven

By HUGH FULLERTON Jr.
By The Associated Press

Lou Little gets his last chance to upset an Army football team tomorrow, Jon Arnett plays his last game for Southern California and there may be a few other "lasts" on the middle Saturday of this old football season.

The season may have ended for South Carolina yesterday, in fact, Clemson handed the Gamecocks their first Atlantic Coast Conference defeat, 7-0, and took over the lead in the run for the Orange Bowl.

Clemson, unbeaten but tied by Florida in five games, now is 3-0 in the ACC, thanks to busy Charlie Bussey. The Tiger quarterback plunged for a first down that set up his first-period touchdown plunge, that converted and finally recovered an end zone fumble

that halted a South Carolina bid in the final 3 minutes.

Little is retiring at the end of his 27th season as Columbia Coach and because of Ivy League scheduling commitments, the Columbia Army series ends with Saturday's game. So it's Lou's last chance.

Another of the season's oddities comes today when Oklahoma A&M and Kansas clash. Originally scheduled for Saturday, the game was moved up when fans began to show too much interest in the nationally televised Saturday struggle between Oklahoma and Notre Dame. It probably is the first time two major teams have had to play second fiddle to a 24-inch tube.

Oklahoma likely will be out to regain its No. 1 national ranking Saturday at the expense of Notre Dame, which was battered by Michigan State last week.

Dream Comes True For Stevenson

Checking over layout details in front of the Titusville Herald's new building which is holding open house for the public Saturday afternoon from one to five, are, left to right, E. T. Stevenson, publisher and editor, and his sons, James B. Stevenson, general manager and William D. Stevenson, business manager. Our congratulations are extended to Ed Stevenson and the boys on the realization of a dream of many years which has finally come true.

Members of the Junior Department of the Grace Methodist church will go out Halloweening next week for UNICEF. With their collection cartons they will ring doorbells and ask, "Will you treat 'all the world's children'?" If a youngster comes to your door with a UNICEF tag and contains give down in your pocket and give generously.

UNICEF is the United Nations Children's Fund. Your contribution to the Fund can do so much for so little for the 600,000,000 children of the world who suffer from malnutrition or disease.

Many of these children are doomed to early death, or, if they survive, to a maimed and enervated maturity—unless the conscience of the world intervenes.

As little as a dollar may start some needy child along the road to health and a productive adulthood. By giving to UNICEF, you help provide milk, medical supplies and public health equipment to the children who need it most in the underdeveloped areas of the world. UNICEF is reaching 39-500,000 children and mothers in 95 countries this year. Wouldn't you like to help "all the world's children?"

Pleasant Firemen Cite Importance of Attending Drills

The Pleasant Township Volunteer Fire Department held their regular meeting in the Fire Hall on Tuesday evening with 23 members present. Charles Webster conducted the meeting in the absence of President R. L. Yeagle. Regular business was conducted covering the reports of various active committees. Discussion of the coming anniversary dinner took place with a report from the committee which has been working with the Ladies Auxiliary on plans for this annual affair. The date of November 13th was set. The attendance prize name was drawn and the member was not present.

Considerable discussion took place regarding the very poor attendance at the drills covering the operation of various fire fighting practices which are held every Tuesday evening at 7 o'clock. Every man in the township interested in knowing the operation of the equipment, which could well be used to protect their own property or life of their own family, should attend the drills. Those who attend these drills regularly urge all able bodied men to learn at least the basic fundamentals of the operation of the department and its equipment. A great deal of time has gone into the raising of the money to acquire the equipment which is owned by the department but this would not count much if the need arose for its use and a sufficient number of trained men were not immediately available.

It was announced that Palmer Davis had been named Civil Defense director for Pleasant township. Mr. Davis stated that a very desirable result could be accomplished by patterning the township setup after Warren County's which stands very high in the overall Pennsylvania program.

A delicious lunch served by Bud Sherman and Lee Hannold concluded the meeting.

Local Accountants Attend Meeting Held in Titusville

—Picture by Stokes THE "ED" HIMSELF

E. C. Lowrey, editor of the Times-Mirror since 1938, today celebrates his birthday and at the same time observes his 50th year in the newspaper business. Familiar with many phases of the creation of a daily, Mr. Lowrey has served as linotype operator, reporter and city editor, before assuming his present position as editor.

Long active in the Republican party, the well-known resident has also served for 29 years as Warren county coroner and is a past exalted ruler of the Warren Lodge of Elks. He is also local correspondent for the Associated Press wire service and the Buffalo Evening News.

A special anniversary observance affair to honor the editor is planned for Thursday, November 8, when the publishers of the Times-Mirror and fellow employees will attend a dinner and program at the Glade Volunteer Fire Hall at 8:30. Burgess William E. Rice will serve as master of ceremonies for the big event.

One of the things an editor does is to "pass" on everything that goes into the paper. However, members of his staff, have succeeded they hope, in getting this picture and story past him, without his knowledge.

So, when he reads this, he is learning for the first time, that he is to be roasted and toasted. Happy birthday, Mr. Editor!

North East Doctor New President of Pa. Medical Society

Atlantic City, N. J. —(P)—The Pennsylvania Medical Society has terminated an agreement with the United Mine Workers Welfare and Retirement Fund on the grounds the fund tried to influence hospital staff appointments.

The 180 members of the House of Delegates yesterday voted unanimously to end the agreement after Dr. Saul M. Fleegler of New Kensington, Pa., offered a resolution.

The House also adopted a recommendation by a committee that a special committee be appointed to study "the formulation of sound principles under which physicians will render medical aid when a third party assumes financial responsibility for said medical service."

The society yesterday named Dr. John W. Shier of Pittsburgh president-elect. He will assume the organization's top post at next year's annual meeting.

Dr. Elmer G. Shillet of North East, Pa., was installed last night as president for this year.

The society presented its first distinguished service award to Dr. Jonas Salk of Pittsburgh in recognition of his work in perfecting the polio vaccine bearing his name.

The society's Benjamin Rush awards went to Wilbur G. Warner postmaster of Lehigh, Pa., for his "outstanding service to the community's health," and to the Kift-Mullen Foundation of Allentown. Warner is a founder of the Gnaden Huettner Memorial Hospital at Lehigh.
